American Indians can continue or begin to use tribal and Indian Health Services (IHS) clinics. We will not require approval or impose any condition for you to get services at these clinics. For enrollees age 65 years and older this includes Elderly Waiver (EW) services accessed through the tribe. If a doctor or other provider in a tribal or IHS clinic refers you to a provider in our network, we will not require you to see your primary care provider prior to the referral.

Enrolling in this health plan does not guarantee you can see a particular provider on this list. If you want to make sure, you should call that provider to ask whether he or she is still part of this health plan. You should also ask if he or she is accepting new patients. This health plan may not cover all your health care costs. Read your contract or Member Handbook carefully to find out what is covered.

Program Description

Special Needs BasicCare (SNBC) is a voluntary managed care program that covers health care for people with disabilities who:

- are ages 18 through 64,*
- have Medical Assistance, and

- have either Medicare Parts A and B or Medical Assistance only

*People in SNBC who turn 65 will be enrolled into a senior managed care program if they continue to meet the eligibility criteria to enroll in managed care.

Important Information

Clinics

The clinic information printed in this listing was correct as of 7/1/2017. You need to choose a primary care clinic when you enroll. Your primary care clinic can provide most of the health care services you need and will help coordinate your care. Please confirm with Member Services that your primary care clinic is still a provider with our health plan before signing up. You may choose a clinic from the list on pages 2-26 to be your primary care clinic. Write the clinic's name and code in the space provided on the enrollment form or call Member Services to update your primary care clinic choice at any time. You will still be able to see any provider within the Hennepin Health network for covered services.

Cost Sharing

You may be required to pay an amount toward some health care services. This is called cost sharing. Some examples of cost sharing are copays or deductibles for certain services. You are responsible to pay your cost sharing amount to your provider. Members will get a Member Handbook with more information about cost sharing.

Member Identification (ID) Cards and Member Packet

Members will get a health plan Member Identification (ID) card. You must show this card whenever you get health care services, including when you get

a prescription filled. We will mail you a member packet and ID card. If you lose or misplace your ID card, call Member Services to get a replacement card.

Service Accessibility

If you need special access to get services from a provider, you can obtain information by calling Member Services at 612-596-1036 (TTY: 1-800-627-3529). This could include, but is not limited to, access for services such as availability of flexible hours, wheelchair access or parking lot access.

Service Authorization

Our approval is needed for some services to be covered. You must get the approval before you get certain services or before we pay for them. You do not need a referral or service authorization to see a specialist within the Hennepin Health network or a contracted Hennepin Health provider. The Hennepin Health provider network has a variety of specialists available. If your health care provider refers you outside of the Hennepin Health network, authorization may be required. The out-of-network specialist must be enrolled as a Minnesota Health Care Program (MHCP) provider, accept MHCP rates from Hennepin Health and be willing to see Hennepin Health members. Members will receive a Member Handbook with more information about which services require authorization.

INTRODUCTION

Services

Care Coordination

Hennepin Health will assign you a care guide who will work with you to develop a care plan based on your health care and social services needs. You can get more information on care coordination services by calling Member Services at 612-596-1036 (TTY: 1-800-627-3529).

Your Hennepin Health care team can help you choose a provider based on the type of services you need and location most convenient to you. - Community Access for Disability Inclusion (CADI)
- Brain Injury (BI)
- Community Alternative Care (CAC)
- Developmental Disability (DD)

These waiver programs offer more services than regular Medical Assistance. Services include extended home care, assisted living, supported employment and more.

Home Care

Home care services include the following:

- Skilled nursing
- Rehabilitation therapies (for example: speech, physical, respiratory and occupational)
- Home health aide
- Medical equipment and supplies
- Personal Care Assistant (PCA)
- Home Care Nursing (HCN) services

You can get information on how to access home care services by talking with your care guide, or by calling Member Services at 612-596-1036 (TTY: 1-800-627-3529).

We do not cover PCA or HCN services for SNBC members. But you may be able to get them through your county or tribe. Call your county or tribe to apply for these services. If you are currently eligible for and getting PCA or HCN services, you will not lose those services by enrolling in Hennepin Health.

Hospitals

Your primary care clinic will use one of the hospitals listed on page 28. You should use the hospital associated with your primary care clinic. You can get more information on hospital services by calling Member Services at 612-596-1036 (TTY: 1-800-627-3529).

Interpreter Services

American Sign Language (ASL) and language interpreter services are available to help you get services. Oral interpretation can be given to you in your language. You may be able to get written information in your language. Hennepin Health offers interpreter services in person and over the telephone. These services can be accessed by talking with your primary care clinic, specialty clinic or by calling Member Services at 612-596-1036 (TTY: 1-800-627-3529).

Medical Equipment and Supplies

Medical Equipment and Supplies is any medical equipment you can use in the home to improve quality of living. It can also provide therapeutic benefits to people with certain medical conditions or illnesses. Examples are nebulizers, wheelchairs, crutches and many others. You can get information on Medical Equipment and Supplies by calling Member Services at 612-596-1036 (TTY:1-800-627-3529).

Mental Health

Mental health services include care and treatment for depression, anxiety or other mental health issues that interfere with your daily functioning. Hennepin Health provides mental health services through a network of providers. If you prefer, you can use any licensed mental health provider in Minnesota who is enrolled as a MHCP provider, will accept MHCP rates and is willing to see Hennepin Health members. Your Hennepin Health care team will help you choose a provider based on the type of services you need and location most convenient to you. If you need mental health services, talk to your care guide, primary care clinic or call Member Services at 612-596-1036 (TTY: 1-800-627-3529).

Nursing Home Care

We will cover 100 days of nursing home care. If you need nursing home care for more than 100 days, the Minnesota Department of Human Services (DHS) will pay for your stay in the nursing home. The health plan will continue to pay for all health care costs. This applies unless you were already in the nursing home when you joined our plan. You can get more information on nursing home services by calling Member Services at 612-596-1036 (TTY: 1-800-627-3529).

INTRODUCTION

Open Access Services

For some services, you may choose to get care from any physician, clinic, hospital, pharmacy, or family-planning agency even if it is not in our network. These are called “open access services” and they include the following:

- Family planning
- Diagnosis of infertility
- Testing and treatment of sexually transmitted diseases
- Testing for AIDS or HIV-related conditions

You can get more information on open access services by calling Member Services at 612-596-1036 (TTY: 1-800-627-3529).

Pharmacy

Members must use our network of pharmacies for drugs covered by our health plan. A list of pharmacies is included in the Provider Directory that you received in your member packet. You can also visit www.hennepinhealth.org to search for providers.

Remember to have the following available when you call to refill your prescription:

- Hennepin Health Member Identification (ID) card
- Minnesota Health Care Programs card
- Cards for any other health coverage you have, such as Medicare Part D or private insurance

It is important to remember to show both your Member Identification (ID) card and your Minnesota Health Care Programs card when picking up your prescriptions.

To see Hennepin Health’s drug formulary, go to www.hennepinhealth.org and click on your plan page.

People with Medicare must enroll in a Medicare

Prescription Drug Program (Medicare Part D) to get most of their drugs.

You can get more information on pharmacy services by calling Member Services at 612-596-1036 (TTY: 1-800-627-3529).

Specialty Care

Specialty care describes services you can get from doctors or surgeons whose training focuses primarily in one specific field of medicine. Examples include neurology, cardiology, and oncology, among others. Hennepin Health offers a specialty network. If your health care provider refers you outside of the Hennepin Health network, a service authorization may be required. The out-of-network specialist must be enrolled as a Minnesota Health Care Program (MHCP) provider, accept MHCP rates from Hennepin Health and be willing to see Hennepin Health members.

You can get information on how to access specialty care by calling your care guide or by calling Member Services at 612-596-1036 (TTY: 1-800-627-3529).

Spenddowns

SNBC members who have an income over a certain limit may have to pay an amount each month. This is called an “institutional” or “medical” spenddown. SNBC members with an institutional spenddown continue to pay their spenddown to the facility they live in. Members who do not pay their spenddowns as required will be disenrolled from SNBC. People with a medical spenddown are not eligible to enroll in SNBC.

Transition of Care

When you join Hennepin Health we will help you continue to get necessary health care services that were authorized before you joined our plan. Some examples are the following:

- Orthodontia

- Mental health services
- Chemical dependency services
- Services for at-risk pregnancy
- Prescriptions

If you are currently receiving care from a provider who is not in our provider network, we will help you transition to a participating provider. If you would like more information please call your care guide or Member Services at 612-596-1036 (TTY: 1-800-627-3529).

Transportation

We are not required to provide transportation to your primary care clinic if it is over 30 miles from your home if another primary care clinic is available within 30 miles. Exceptions to this rule can be made in certain circumstances.

If you need a ride and there is not a closer clinic in our network, call Member Services at 612-596-1036 (TTY: 1-800-627-3529).

Hennepin Health will authorize transportation services for eligible members who need assistance getting to and from their covered appointments based on their medical needs. Hennepin Health reserves the right to determine the best and most cost effective way to transport the member. Transportation will be provided at Hennepin Health's discretion via bus, common carrier (such as a taxi) or special transportation services.

Urgent/After Hours/Emergency Care

When you need medical care during regular business hours, it is best to call your primary care clinic. When you need care after hours visit an urgent care clinic or call *HealthConnection*, Hennepin Health's 24/7 nurse line, at 1-888-859-0202. TTY/TDD users should call 1-800-627-3529.

In an emergency that needs treatment right away, either call 911 or go to the nearest emergency room.
