American Indians can continue or begin to use tribal and Indian Health Services (IHS) clinics. We will not require approval or impose any condition for you to get services at these clinics. For elders age 65 years and older this includes Elderly Waiver (EW) services accessed through the tribe. If a doctor or other provider in a tribal or IHS clinic refers you to a provider in our network, we will not require you to see your primary care provider prior to the referral.

DHS approved 12/29/2017

Enrolling in this health plan does not guarantee you can see a particular provider on this list. If you want to make sure, you should call that provider to ask whether he or she is still part of this health plan. You should also ask if he or she is accepting new patients. This health plan may not cover all your health care costs. Read your contract or Member Handbook carefully to find out what is covered.

INTRODUCTION

Program Description

Special Needs BasicCare (SNBC): SNBC is a voluntary managed care program that covers health care for people with disabilities who:

- are ages 18 through 64,* and
- have Medical Assistance, and

- have either Medicare Parts A & B or medical assistance only.

* People in SNBC who turn 65 will be enrolled into a senior managed care program if they continue to meet the eligibility criteria to enroll in managed care.

Important Information

Clinics

The clinic information printed in this listing was correct as of 1/1/2018. You may choose a primary care clinic when you enroll. Your primary care clinic can provide most of the health care services you need, and will help coordinate your care. Please confirm with Member Services that your clinic is still a provider with our health plan before signing up. You may choose a clinic from the list on pages 2-28 to be your primary care clinic. Write the clinic's name and code in the space provided on the enrollment form, or call Member Services to update your primary care clinic choice at any time. You will still be able to see any provider within the Hennepin Health network for covered services.

Cost Sharing

You may be required to pay an amount toward some health care services. This is called cost sharing. Some examples of cost sharing are copays or deductibles for certain services. You are responsible to pay your cost sharing amount to your provider. Members will get a Member Handbook with more information about cost sharing.

Member Identification (ID) Cards and Member Packet

Members will get a health plan Member Identification (ID) card. You must show this card whenever you get health care services, including when you get a

prescription filled. We will mail you a member packet and ID card. If you lose or misplace your ID card, call Member Services to get a replacement card.

Service Accessibility

If you need special access to get services from a provider, you can obtain information by calling Member Services at 612-596-1036 (TTY/TDD: 1-800-627-3529). This could include, but is not limited to, access for services such as availability of flexible hours, wheelchair access or parking lot access.

Service Authorization

Our approval is needed for some services to be covered. You must get the approval before you get certain services or before we pay for them. You do not need a referral or service authorization to see a specialist within the Hennepin Health network or a contracted Hennepin Health provider. The Hennepin Health provider network has a variety of specialists available. If your health care provider refers you outside of the Hennepin Health network, authorization may be required. The out-of-network specialist must be enrolled as a Minnesota Health Care Program (MHCP) provider, accept MHCP rates from Hennepin Health and be willing to see Hennepin Health members. Members will receive a Member Handbook with more information about which services require authorization.

Services

Care Coordination

Hennepin Health will assign you a Care Guide who will work with you to develop a care plan based on your health care and social services needs. You can get more information on care coordination services by calling Member Services at 612-596-1036 (TTY/TDD: 1-800-627-3529).

Call your county or tribe to apply for these and other waiver services under the following waiver programs: Community Alternatives for Disabled Individuals (CADI), Brain Injury (BI), Community Alternative Care (CAC) or Developmental Disability (DD) Waiver programs. These waiver programs offer more services than regular Medical

Nursing Home Care

We will cover a total of 100 days of nursing home care. If you need nursing home care far more than 100 days, the Minnesota Department of Human Services (DHS) will pay for your stay in the nursing home. The health plan will continue to pay for all health care costs. This applies unless you were already in the nursing home when you joined our plan. You can get more information on nursing home services by calling Member Services at 612-596-1036 (TTY/TDD: 1-800-627-3529).

For some services, you may choose to get care from any physician, clinic, hospital, pharmacy or family planning agency even if it is not in our network. These are called “open access services” and they include the following: family planning, diagnosis of infertility, testing and treatment of sexually transmitted diseases, and testing for AIDS or HIV-related conditions. You can get more information on open access services by calling Member Services at 612-596-1036 (TTY/TDD: 1-800-627-3529).

Hennepin Health offers a specialty network. If your health care provider refers you outside of the Hennepin Health network, a service authorization may be required. The out-of-network specialist must be enrolled as a Minnesota Health Care Program (MHCP) provider, accept MHCP rates from Hennepin Health and be willing to see Hennepin Health members. You can get information on how

to access specialty care by calling your Care Guide or by calling Member Services at 612-596-1036 (TTY/TDD: 1-800-627-3529).

Urgent/After Hours/Emergency Care

When you need medical care during regular business hours, it is best to call your primary care clinic. When you need care after hours, or when you have injuries or illnesses that are not life-threatening, you have options:

- Call *HealthConnection*, Hennepin Health's 24/7 nurse line, at 1-888-859-0202; or
- Go to any of the urgent care clinics listed on pages 38.

In an emergency that needs treatment right away, either call 911 or go to the nearest emergency room.

Service Accessibility Standards

An accessibility survey of the clinics in this booklet has been done to find which PCCs meet minimum accessibility standards. Clinics that meet our standards are noted in the Primary Care Clinics Section. To meet Hennepin Health's minimum accessibility standards a clinic must have the following:

- Availability of flexible appointment hours
- Availability of appropriate transfer assistance to exam tables or x-ray equipment
- Scales designed to weigh patients with physical disabilities
- Availability of private waiting areas
- Public transportation information available from clinic.
- Wheelchair access
- Parking lot access
