The *Guide to Clinical Preventive Services 2014* includes both new and updated recommendations released from 2004-2014 in a brief, easily usable format meant for use at the point of patient care. The most up-to-date version of the recommendations, as well as the complete USPSTF recommendation statements, are available along with their supporting scientific evidence at www.USPreventiveServicesTaskForce.org

The Preventive Services for Adults Clinical Practice Guidelines were adopted as the Hennepin Health Practice Guideline with no modifications.
